ANDREA BOCELLI

Live in Birmingham

Saturday 10th November 2012 · 2 Days · Only £199

Andrea Bocelli, the world's most beloved Italian tenor and biggest-selling solo artist in the history of classical music, will be performing five huge shows across the UK and Ireland in 2012.

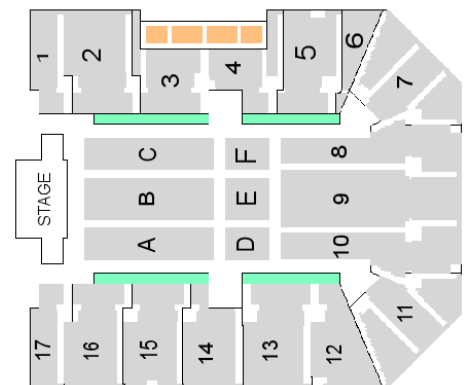

Bocelli, who has sold more than 70 million albums over the course of an illustrious 20-year career, will be performing a selection of music including songs featured on his recent critically acclaimed live album *Concerto: One Night In Central Park*. The album captures a magical evening of music spanning the best of Bocelli's pop and classical repertoire and includes guest appearances from Tony Bennett, David Foster, Bryn Terfel and Chris Botti.

In possession of one of the finest voices in the world, Bocelli emerged as a vocal phenomenon in the 1990s and has since gone on to become one of the most successful artists of all time, selling over 70 million albums. A refined and modern singer, whose use of his voice combines the unmistakable power of the heroic tone with the youthful fragrance of a graceful tenor and fortified by an unusually polished timbre, Bocelli can sing anything from Verdi to Puccini, from Mascagni to Massenet; he is an artist who scrupulously studies the score - evident also by the way in which he does not emulate the great masters of the past. Bocelli brings his own interpretation, his own approach, to each role.

He has excelled in the operatic, classical and popular spheres, recording seven complete operas, releasing more than a dozen hit records, performing all around the world. Quite simply, Bocelli is a phenomenon, and this exclusive tour represents an unmissable opportunity to witness a genuine superstar.
